DETAILED ACTION

Claim Rejections - 35 USC § 102

1. Claims 1, 4-20 and 23-29 are rejected under 35 U.S.C. 102(e) as being anticipated by Kanagasabapathy et al. (US 2004/0161698) for the reasons set forth in item 3 of the office action mailed 10/28/2004.

The declaration filed on 1/28/2005 under 37 CFR 1.131 has been considered but is ineffective to overcome the reference. The evidence submitted is insufficient to establish a conception or reduction to practice of the invention described in the reference prior to the effective date of the reference. Specifically, the materials submitted by applicants in support of the declaration provide no disclosure, suggestion or motivation to make the type of backbone polymers shown in the reference, which require Si substitution. While generically within applicants' claimed scope, the polymers described in the reference are not obvious variations of those described in applicants' supporting papers, and therefore applicants' submission fails to preclude use of the reference under 35 USC 102(e) because applicants have not established prior invention.

2. Claims 2, 3, 21 and 22 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 1713

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action (regarding newly presented claims). Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

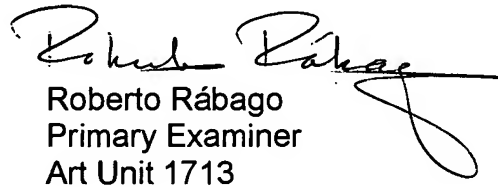

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roberto Rábago whose telephone number is (571) 272-1109. The examiner can normally be reached on Monday - Friday from 8:30 am - 4:00 pm.
